Available to all **undergraduate and graduate** students at the University of Miami, it is sponsored by the European Union. A **certificate of expertise** will be issued upon successful completion. This experience is highly valued when applying for internships at EU sites or other private and government employment.

Students will be able to choose among a **variety of topics for research**, following some of the current issues facing the EU, the US and Latin America.

To receive full **academic credit** for UM requirements, candidates must **register** in one of the following:
